Comments:

Chameleon:

Easy, most of the time. But sometimes (GETting small objects, F7 for region #, mostly) the cursor has to be positioned carefully, which could lead to problems.

DragonFyre:

In general, Very Easy...however, some of the younger people might find it hard to use some of the items without any instructions for them (eg. shovel or chainsaw)

Sky Dragon:

good, but some things are Difficult particularly if you don't understand what's supposed to be going on.

YvonneC:

Easy. I still have trouble with getting paper to send a letter.
