Subject: Burma Shave Palindromes Shave Burma

Here's a couple. It seemed impossible until I realized what was needed was something that was commutative like $2 + 2 = 4$ or $4 = 2 + 2$.

Leaving your turf in your natural colors
Is almost as embarrassing as
Wandering around without your head

Habitat
A refuge for those who can't handle
Reality

This sign is a lie
The last sign you saw is true
The next sign you will see is a lie
The last sign you saw is a lie
This sign is true

(sort of a reality defined by your direction of travel)
