Subject: stuff

Changes and/or additions to Populopolis

Overall

Roadblocks... Stores need back doors. Maybe we should expand downtown and add a back alley and other stores.

Overall I am pleased with the street layout

Addition of missing teleports!

We need to create the original Daily Rant issue

We may want to create one magazine...These should be specific to one's interests...running, news, software, etc.

Bob's Bank

Add another ATM for 2 users?

News Stand

Region shows newspaper and Magazines... We need Text for them!

There are only 3 mags and 1 paper there... once gone, they're gone

Do we want the paper dispenser or should the get create a new paper?

What about which issue of paper do you have? Should papers disappear after 2-3 weeks?

Hall of Records

No interior for this region and I am not sure what to put in there if we had one.

Furniture store

Should be locked until users can choose interiors!

Place CLOSED sign in front!

Cloths store

2 machines should be stocked with pants, shirts, and jackets

Kelly's bar

Should have a larger interior. 2-3 regions at least!

May need to protect items inside from users.

General store

Need to stock 3 machines inside. We need to decide what items should be inside...

Suggestions are: Bag, ball, bottle, flashlight, frisbee, gun?, cloths, various knick knacks, paper, knives.

Meeting Hall

Seems fine to me!

Does Choke machine work?

Pawn Shop

Nothing to do here at this time...

Should the door be locked?

Do we need to protect the items inside?

New You:

Add sex_change device to New-you

Stock Heads into machines

test Vendo's as background objects!

Other

Maybe add one special head only found at a culdesac?

Feedback requested...
